

## **WOODLAND SCHOOL DISTRICT #50**

### **Personnel Vision Team Meeting Minutes May 10, 2006**

Members Present: Michael Bond, Kim Burke, Pam Horn, Jeannine Leonhart,  
Scott Mitchell, Ron Seveska

Meeting began at 5:00 p.m. and adjourned at 6:00 p.m.

#### On-line Application System

An update was provided to the team regarding the status of the on-line application system. Kim explained that the system is up and running. Administrators received training on the system. The team discussed the benefits of having the on-line application system that will help streamline the application process. Administrators now have immediate access to applicants. This will be beneficial particularly when there are difficult to fill positions in shortage areas.

#### SIP Days

The team discussed the results of the four SIP days the Board previously approved as early release days for professional development/training. All agreed that the training was well received and needed. It helped teachers with articulation and provided an opportunity for support staff to be trained. This was the first year formal training was conducted with support staff. The greatest concern dealt with the amount of time allotted for training. Due to the limited amount of time provided, staff felt rushed through some of the training.

#### Job Sharing

The team received and reviewed a copy of the final Procedure and Practice for Job Sharing. It was explained that four teams of teachers were approved for job sharing for the 2006-07 school year. The team felt this was a great benefit for staff.

The next meeting is scheduled for November 8, 2006 at 5:00 p.m. in the ESC Maple room.
