Under the guidelines established by the Illinois High School Athletic Association, all students are eligible to try out for a team as long as they have a current physical and permission slip on file prior to the team try-outs. A current physical is one that is less than one year old. The physical must be current from try-outs through the end of the sport. If you have any questions regarding your child's last physical, please call the Middle School Health Office at 847-856-3406 after August 21, 2009. There are tryouts and roster cuts for the conference teams.
