

Dear Parents,

We hope you enjoyed your time during the winter break with your families. This message is a follow-up to the Woodland District 50 Board of Education governing meeting held December 20.

During that meeting, the Board of Education discussed the 2019-2020 Revised Start Times Schedule and the members agreed community engagement should continue prior to action on a 2019-2020 Revised Start Times Schedule. We will be sending you a survey next week that asks your opinions about what else we need to consider as we move forward with discussions on changing the bell schedule.

Following are a couple of links that provide additional information regarding school start times:
