SPRING 2022 PROGRAMS

TWEENS AND TEENS

TYNKER from Home

There is no set class time. Log in and complete activities when it is convenient for you! Work at your own pace. Complete as many levels as you can.

Registered participants will have access to all levels for 1 week. A link to access the program and instructions will be emailed on the first day of class to all registered participants. REGISTER

TYNKER: Dragon Spells

MON., APRIL 4
GRADES 1-5

Students learn coding concepts as they solve puzzles to train their dragon to find treasure.

TYNKER: Python 201

MON., MARCH 7, MAY 2
GRADES 6-12

A deeper look at Python for intermediate or advanced coders in upper middle or high school. This course is tailored for students who have completed introductory visual programming courses on Tynker and want to advance to text programming in Python. Students will start with simple input-output statements and conditional logic, then progress to using more complex data structures to build algorithms. With hands-on coding practice, students learn to design, build, and debug programs.
