

Dear Woodland Parents and Guardians,

Earlier this week you received a link to the Student Start Times Survey which you may have shared with your child to complete. On Tuesday, we will be sending the same survey link to your child through his or her Schoology account. The focus of the survey is baseline data. We have attached a copy of the survey for you to easily review. This survey is optional so if you do not want your child responding or they have already taken the survey please ask them ignore the link. Thank you.

Click [here](#) to review the survey your child will receive through Schoology.
