O. Teachers

1. Teachers

- a. Any teacher who at the time of retirement will be at least fifty-five (55) years of age or older, with at least 15 years of service to the District and eligible for retirement under the provisions of the Illinois Teachers' Retirement System but for whom the Board shall not be required to pay an early retirement option penalty, shall receive an increase to their prior year scheduled salary of the percentage listed in the chart that follows (in lieu of the ordinary scheduled increase) for up to their last five years of service in the District. The teacher will not be entitled to any other salary increases

during this time. The teacher shall request this additional amount by providing the Board with an irrevocable letter of resignation no later than June 1 of the sixth, fifth, fourth, third, or second year prior to retirement (whichever is applicable). The percentage increase shall be granted for the following school term after the teacher submits his/her irrevocable letter of resignation and for each subsequent school term as determined by the chart that follows. No teacher can earn such increases retroactively. The letter must stipulate the anticipated retirement date. If, after submitting such a letter, the teacher chooses to retire earlier, and such earlier retirement does not impose an early retirement penalty upon the District, the teacher must submit a second irrevocable letter of retirement no later than the June 1st, two years prior to the newly-requested retirement date. Upon written demand, either party retains the right to reopen this provision for renegotiation if the applicable provisions of the *Illinois Pension Code* are modified or expire.

	Retirement notice submitted before June 1 st of:	Percentage increase for the following school term:
and:	Six years until retirement:	six (6) percent the next term
and:	Five years until retirement:	six (6) percent the next term
and:	Four years until retirement:	six (6) percent the next term
and:	Three years until retirement:	six (6) percent the next term
and:	Two years until retirement:	six (6) percent the final term.

- b. Commencing July 1, 2014, to qualify for retirement benefits under paragraph O.1. a., the teacher must submit an irrevocable letter of retirement effective at the end of the first school year in which the teacher becomes both eligible to retire under paragraph O.1. a. of this contract (*i.e.*, at least 15 years of service to the District) and eligible to retire under provisions of the Teachers Retirement System (TRS) without an early retirement option penalty or without an early age discounted annuity (*e.g.*, 35 years of TRS creditable service and at least age 55; 15 years of TRS creditable service and at least age 60; 15 years of TRS creditable service and at least age 62). All other retirees who would otherwise qualify to receive the benefits of and retire under Paragraph O.1. a. but who choose to forego this benefit by working beyond when they would have to retire to receive this benefit will instead receive an alternative benefit: the service recognition benefit in Article IX.T/Service Recognition-Teachers. A teacher may not receive both the retirement benefits under paragraph O.1. a. and IX.T. This subparagraph shall not take effect until July 1, 2014, and any teacher who submits notice of intent to retire prior to this date and in accordance with the contractual requirements herein will not be subject to this subparagraph b. Teachers are strongly encouraged to contact the district, and more importantly TRS, well before the first year in which the teacher anticipates receiving this retirement incentive.
- c. For those Teacher's in the retirement benefit incentive track who would otherwise earn more than six percent (6%), such teachers will instead earn compensation time based on the time worked.
