

# Woodland Inspires Internet Access

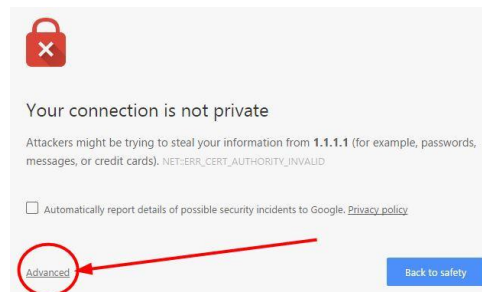

All students with Woodland Chromebooks automatically connect to **sd50u wireless: You do not need to do anything else.**

1. Non-Chromebook guests: Connect to the **sd50g** network

2. Start an Internet browser: Google Chrome  is recommended

3. You should receive a security prompt in your browser: Chrome will indicate ***Your connection is not private***

4. In Chrome: Click on **Advanced**

5. In Chrome: Click on **Proceed to 1.1.1.1**

## Woodland Guest Wireless Access

Woodland CCSD50 is pleased to provide guest Wi-Fi access for your convenience while on our campus. This service provides Internet access during your visit to Woodland.

This wireless access is available to support District business. Use is restricted to authorized District guests, and at the request of your Woodland host. Woodland CCSD50 reserves the right to monitor Wi-Fi and Internet usage, and may withdraw access to the service at its discretion.

Please note that while Internet access is behind our district firewall, the guest Wi-Fi network is not secured. Guests using this Wi-Fi access are encouraged to adhere to all Internet and/or Wi-Fi connectivity policies as enforced by their corporate or district technology support staffs.
